

MILSET Europe General Assembly 2020

22nd October 2020, Online

MILSET Europe President

Antoine van Ruymbeke

MILSET President

Roberto Hidalgo

Who's who

Agenda

- Voting process
- Minutes 2019
- Organisations
- Statutes
- Activities
- Finance
- Communication
- Executive Committee
- Misc
- Round table on GDPR impact

Voting process

Let's make a test

Voting process

- Voters
 - Members
 - In order of fees
 - 20 organisations
- Standard vote
- Executive Committee elections

General Assembly 2019 minutes

Organisations

Members & Associate Organisations

- Membership procedure
 - Contact with Executive Committee & members
 - Candidature as an Associate Organisations
 - Share MILSET vision
 - GOVs
 - Active in STEAM education
 - Candidature as Member
 - Be an associate organisation for at least 1 year
 - No governmental organisations
 - Aligned with MILSET
 - Be a national player

Members

- 38 organisations (31/12/2019)
- Candidatures
 - United Kingdom - The London International Youth Science Forum CIC (transfer from ECE Travel Ltd)
 - Netherlands – WETSUS
 - Georgia – Georgia Young Scientists Union

THE LONDON INTERNATIONAL
YOUTH SCIENCE FORUM

500 STUDENTS AGED 16-21 ATTEND FROM
70 COUNTRIES

15 DAY ANNUAL STEM PROGRAMME
HELD AT IMPERIAL COLLEGE LONDON

CONNECTING 22,000
STUDENTS OVER 60 YEARS

15 DAY PROGRAMME WITH
THE LATEST SCIENCE
RESEARCH

HEALTH
ARTIFICIAL INTELLIGENCE
PANDEMICS
CYBER SECURITY
SUSTAINABLE FOOD
CLIMATE CHANGE
ENERGY
NANO-TECHNOLOGY
ENGINEERING
ROBOTICS

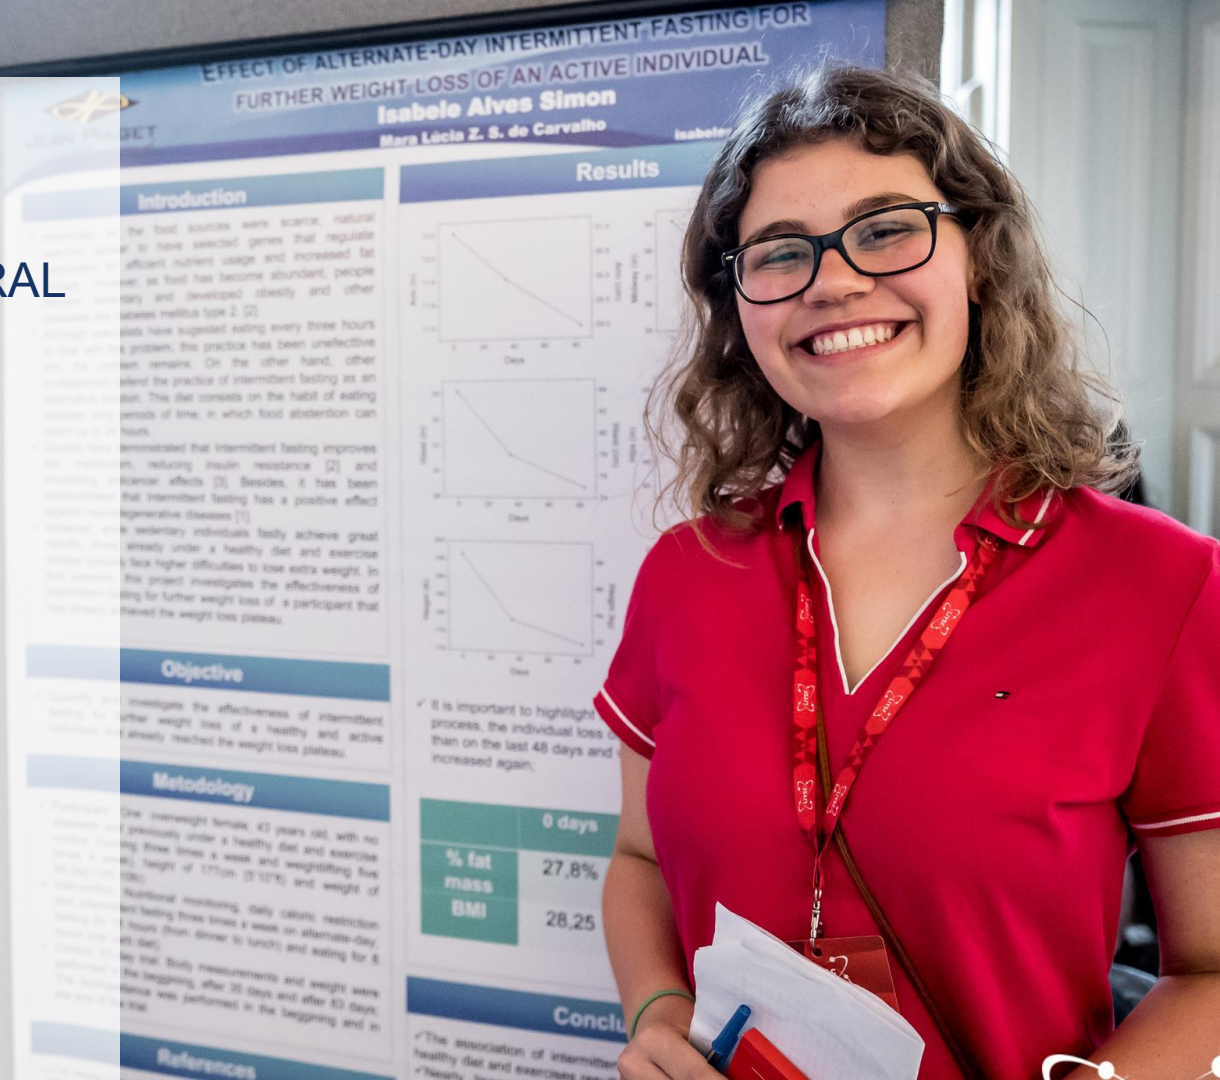

PROFESSOR LORD ROBERT WINSTON

WORLD LEADING SCIENCE ANNUALLY

- 1 PLENARY LECTURES BY NOBEL LAUREATES, ACADEMICS, INDUSTRY PIONEERS AND INSTITUTIONAL PRESIDENTS
- 2
- 32 SPECIALIST LECTURES FROM LEADING RESEARCHERS
- 55 VISITS TO TOP UNIVERSITY DEPARTMENTS, RESEARCH CENTRES AND INDUSTRIAL SITES ACROSS THE UK

- PRESENT PROJECT INVESTIGATION WORK
- WIDE RANGE OF CULTURAL ACTIVITIES & SOCIAL EVENTS
- OPTIONAL SIGHTSEEING TOURS ACROSS THE UK
- 14 NIGHTS' ACCOMMODATION IN SOUTH KENSINGTON, CENTRAL LONDON
- MEALS AND TRAVEL TO PROGRAMMED EVENTS

TRANSITION TO LIYSF CIC

LIYSF IS NOW A NOT-FOR-PROFIT SOCIAL ENTERPRISE - COMMUNITY INTEREST COMPANY (CIC), LIMITED BY GUARANTEE. ENABLE A LONG-TERM, SUSTAINABLE AND ACCOUNTABLE PLATFORM

THE LONG-TERM GOAL IS TO INCREASE PARTICIPATION FROM 70 COUNTRIES, TO 100 COUNTRIES ATTENDING AND TO EXPAND OUR SCHOLARSHIP SCHEME

STUDENT REQUIREMENTS

- AGED 16 -21
- PASSIONATE ABOUT SCIENCE
- FLUENT IN ENGLISH

62ND LIYSF 2021

28TH JULY - 11TH AUG

PARTICIPATION CHARGE

£2,195 GBP

“
LIYSF is an amazing
forum with
tremendous energy,
truly inspiring and
exciting.”

GYSU

Non-Profit organization

www.gysu.org

What is GYSU?

Georgia Young Scientists Union is a non-profit organization founded in 2018 to stimulate and support youth in Georgia by providing them with global opportunities and free courses in the following subjects:

- ❖ MATHS
- ❖ Chemistry
- ❖ Physics
- ❖ Behavioral and Social Sciences (BEHA)
- ❖ Robotics and Intelligent Machines (ROBO)
- ❖ Biology
- ❖ Life Sciences
- ❖ Plant Sciences (PLNT)
- ❖ Systems Software (SOFT)
- ❖ Earth and Environmental Sciences (EAEV)

Main objective

GYSU's purpose is to engage talented, determined and perspective Georgian students in International Fairs, Conferences and Olympiads.

- ❖ **IMUNA-** International Model United Nations Association.
- ❖ **ICYS-** International Conference of Young Scientists.
- ❖ **Intel ISEF-** Intel International Science and Engineering Fair.
- ❖ **OKSEEF-** Science Energy Engineering Fair.
- ❖ **IJSO-** International Junior Scientific Olympiad.
- ❖ **I-FEST-** International Festival of Engineering Science and Technology.
- ❖ **MILSET** - International Movement for Leisure Activities in Science and Technology

GYSU's Goal

The goal of the [Georgia Young Scientists Union](#) is to seek and expand the list of the above mentioned international events in order to demonstrate Georgian students' potential at the international level.

Thank you for your attention!

Members

- Resignation

- Process

- At least 2 years not in order of membership fee
 - Email sent in March
 - Register mail sent (statutes art. 6)
 - If no corrective/justificate actions -> vote in General assembly

- Organisations

- Belgium - Club des Petits Débrouillards
 - Estonia - Estonian Research Council
 - France – La Ligue de l’Enseignement
 - Germany – juFORUM
 - Netherlands – Cosmicus Foundation

Associate Organisations

- 17 organisations (31/12/2020)
- Candidatures
 - Germany – Experimenta
 - Albania - Turgut Ozal Education Company
 - North Macedonia - Yahya Kemal College

The unique world of knowledge and experience

Welcome!

Milestones

Idea & Implementation

- ▶ 2005: Idea to set up a Science Center
- ▶ 2007: Founding of a non-profit operating company
Dr. Wolfgang Hansch appointed Managing Director
- ▶ 2009: Opening of the first experimenta
 - ◀ 7,500 m²
 - ◀ 150 interactive exhibits
- ▶ 2010: Over 200,000 visitors
 - ◀ 8000 children and teens attend lab courses

Expansion

- ▶ 2013: Dieter Schwarz Foundation decides to expand the ScienceCenter
- ▶ 2014: Five years after opening
 - ◀ 800,000 visitors
 - ◀ 50.000 students attend lab courses
- ▶ 2016: Start of construction of the new Science Center
- ▶ 2017: Visitor attendance at 1.3 million as experimenta closes on July 31st.
- ▶ 2018: Launch of „MS experimenta“

The Science Center

- ▶ 2019: Germany's largest Science Center opens to the public
 - ◀ 25.000 m²
 - ◀ 275 interactive stations
 - ◀ The one-of-a-kind Science Dome
 - ◀ Observatory with an AllSky dome
 - ◀ The Science Stage
 - ◀ The Maker Space
 - ◀ Lab world
 - ◀ Student Research Center
 - ◀ The Forum

Targets

- ▶ Place of learning and a research center
- ▶ Touristic place of learning
- ▶ Place of education
- ▶ Place of teaching and education projects
- ▶ experimenta as an educational institution for the knowledge society in the 21st. century

Discovery Worlds

- ◀ Exhibition area with four thematic worlds
- ◀ Four transparent studios
- ◀ Special exhibitions
- ◀ Forum (citizen science)

Level 1: StoffWechsel

Studios

Special exhibitions

„Du und dein Gehirn“
(Mind your brain)

October 2020 – May 2021

Experience Worlds

- ◀ Science Dome
- ◀ Science Stage
- ◀ Observatory

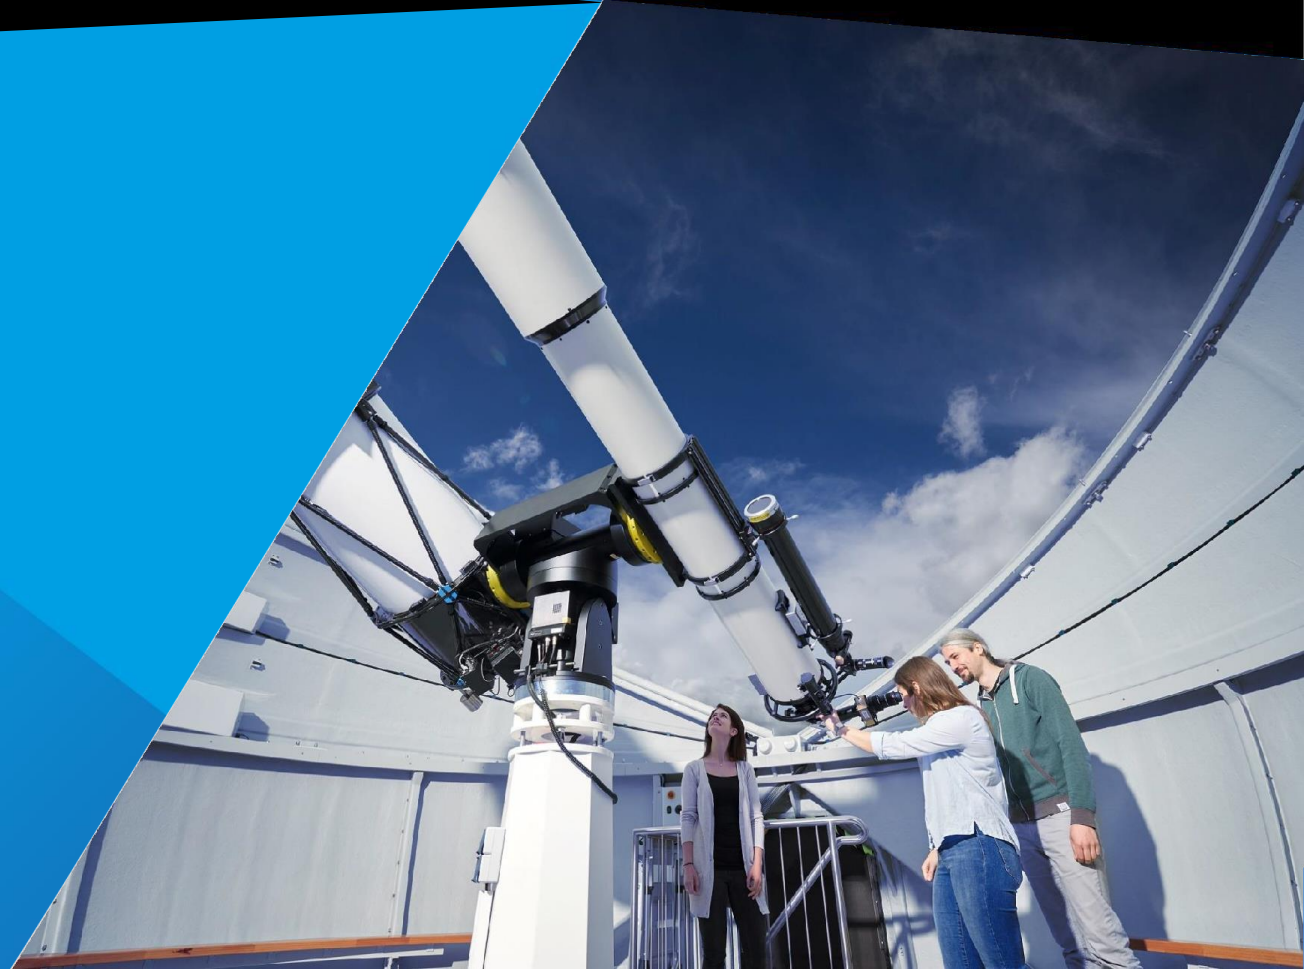

Science Stage

Observatory

Research Worlds

- ◀ Eight labs
- ◀ Cooking lab
- ◀ Student Research Center
- ◀ Maker Space

Student Research Center

Maker Space

MS

Northern Germany

ASEF (Albanian Science and Engineering Fair)

Albania 22 October 2020

Albania

Albania is a small but lovely country in the Eastern Europe with a population of around 3.5 million. Its neighbors are Greece, Kosovo, Montenegro and Macedonia.

ASEF

(Albanian Science and Engineering Fair)

Albanian Science and Engineering Fair (ASEF) started with less than 10 projects in 2007 with the aim of revealing and improving Albanian pupils' independent learning and research skills.

It has developed year by year and has become an important project contest in Albania. In 2019 a total of 1200 projects applied to compete in this fair.

Categories

Visual Arts

Short Movie

Poster Design

Installation Art

Industrial Design

3-Minute science.

Computer Based 3-D Design

Note: They will all be evaluated separately. Group projects of at most 2 students

Social Sciences

Law

History

Sociology

Philosophy

Psychology

Linguistics

Computer Sciences:

Robotics

Lego Sumo

Web Design

Programming

Lego Line Follower

Hardware Control and Networking

Note: Only robotics projects may have 3 students per group

Natural Sciences

Biology

Energy

Physics

Chemistry

Mathematics

Environment and Engineering

ASEF is open to secondary students aged from 10 to 18.

It aims to:

- Reveal and improve learning skills and handicrafts of students.
 - Teach basic research methodology and scientific method.
 - Teach essential writing and presentation skills.
 - Create awareness on current social, environmental, educational and scientific issues.
-

Shortly our project team wants

to develop a feeling of confidence and competence among students, and fosters a spirit of scientific inquiry

to promote interest in science

to develop critical thinking skills

to improve STEM education in schools

to promote the application of science projects among the youth of Albania.

As we started with less than 10 projects and 4 schools all over Albania , last year there were more than 1000 projects attending from different cities of Albania.

By the help of being a part of Milset , we believe that we can have the opportunity of reaching to not only the students in our country but also the students of this region.

Our main sponsors in organizing ASEF

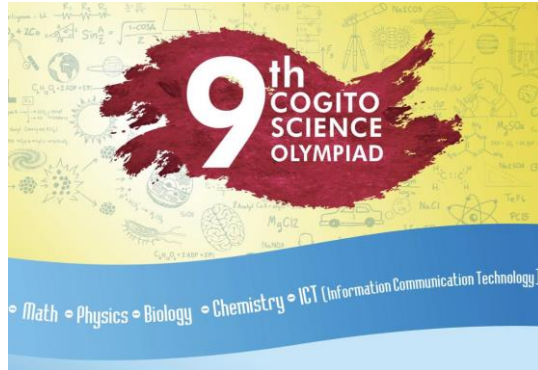

- Turgut Ozal Education Group
 - Credins Bank
 - Rauch Company
 - Eurosig
-

Education Today

Education Today is an annual conference which is open to all teachers from Albania as well as the Balkan region. It consists of keynote speeches, plenary workshops, poster presentations and networking events. Teachers from probate and state schools participate every year in this unique event and share their ideas. Last year's theme was innovation in education.

COGITO Olympiads

COGITO is an Olympiad in Maths, Science and ICT subjects which is held annually by Turgut Ozal Schools in Albania. It is open to grade 6 to 11 students.

Statutes

Article 1 – Name, Context

Current

The name of the organisation is MILSET Europe.

The organisation is an international youth non-governmental, non-profit and politically independent organisation, created from member organisations of "MILSET" (Mouvement International pour le Loisir Scientifique et Technique) having their seat in Europe.

The concerned geographical area is Europe.

New

The name of the organisation is MILSET Europe.

The organisation is an international youth non-governmental, non-profit and politically independent organisation, created from member organisations of "MILSET" (Mouvement International pour le Loisir Scientifique et Technique) having their seat in Europe.

The concerned geographical area is Europe.

The official website of the organisation is:
<https://europe.milset.org>

The official email of the organisation is:
europe@milset.org

Article 6 – Resignation, Exclusion

Current

Members are free to resign from the organisation at any time. They present their resignation by registered mail addressed to the President of the Executive Committee to the seat of the organisation.

A member which has not paid the annual membership fee 12 month after having received a reminder by registered mail can be considered as resigning.

Based on the proposal of the Executive Committee, the General Assembly can exclude any member that doesn't conform to the present statutes, or any other policy or procedure introduced by the General Assembly, or if its behaviour could bring prejudice to the organisation. The concerning member has the right to be heard by the General Assembly but will not be able to vote.

The exclusion doesn't relieve the member of its obligation to pay the annual membership fee for the running year.

New

Members are free to resign from the organisation at any time. They present their resignation by registered mail addressed to the President of the Executive Committee to the seat of the organisation.

A member which has not paid the annual membership fee 12 month after having received a reminder by registered mail can be considered as resigning.

Based on the proposal of the Executive Committee, the General Assembly can exclude any member that doesn't conform to the present statutes, or any other policy or procedure introduced by the General Assembly, or if its behaviour could bring prejudice to the organisation. The concerning member shall be explicitly named within the General Assembly convocation and has the right to be heard by the General Assembly but will not be able to vote.

The exclusion doesn't relieve the member of its obligation to pay the annual membership fee for the running year.

MILSET Expo-Sciences

MILSET Expo-Sciences are **noncompetitive multicultural** exhibitions that showcase **STEAM** (Science, Technology, Engineering, Arts and Mathematics) **projects** developed by children and **youth** from around the world, as well as interactive exhibits by STEAM-related institutions.

The Expo-Sciences programme also includes cultural and scientific visits, leisure activities, and workshops, and conferences. National youth STEAM programme leaders meet to share and discuss best practice in STEAM promotion and education.

MILSET Expo-Sciences Europe

- ESE 2020
 - Cancelled due to Covid-19 ☹️
- ESE 2022
 - Location: Sucaeva, Romania
 - Dates: 24 to 30/07/2022
 - Site: <https://ese2022.milset.org>
- ESE 2024
 - Location: Kyiv, Ukraine
 - Dates: TBD
 - Site: <https://ese2024.milset.org>

MILSET Regional Expo-Sciences

- MILSET Expo-Sciences Asia 2020

- Dubai, United Arab Emirates
- Postponed to 2022

- MILSET Expo-Sciences Latin America 2020

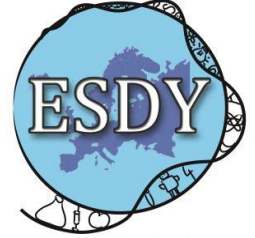

- Santa Rosa , Argentina
- Postponed to 2022

MILSET Expo-Sciences International 2021

- Due to pandemic , dates of the event are under review.
- Final decision will be announced at latest on January 2021

European Science Day for Youth (ESDY)

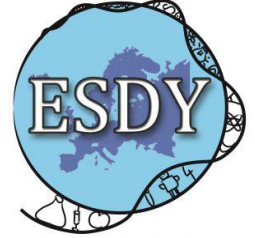

Create a community around organisations with common interests

Organise an activity, spread it to the whole Europe through ESDY, and be in touch with the rest of the participants

European Science Day for Youth (ESDY)

1. Find a group of youngsters
2. Organise an event about the year's topic
=> special Covid-19, DIY at home approach
3. Send photos and videos to ESDY's website and Facebook page

European Science Day for Youth (ESDY)

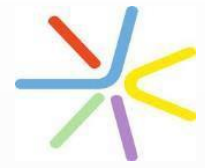

- 1 day/1 topic/1 community all over Europe
- Topic: « Science in the kitchen »
- Date: 18/03/2021
 - <https://esdy.milset.org>
 - esdy@milset.org
 - Need team members

International Science Summer Camp 2021

- A one-week thematic science camp welcoming students from all over the world.
- Where: Petnica, Serbia
- Topic: « Beyond the data »
- Dates: Summer 2021
- Site: <https://issc2021.milset.org>

Petnica Science Center

T³ = Talents to Talents

Petnica Science Center

- Founded in 1982.
- Independent nonprofit organization for extracurricular, informal science education
- Development of scientific literacy and education

Petnica Science Center

Petnica Science Center

Facilities

- Five buildings with 7,500 sqm
- Full accomodation:
- Dormitory (170 beds)
 - Single, double, triple rooms
- Restaurant (250 seats) and coffee shop
- Library: 20 000 books and 50 periodics

The Modern Facilities

- Laboratories:
 - Biology : general lab, microbiology and molecular biology, cell cultures, confocal microscopy
 - Chemistry: general lab, AAS, UV VIS, HPLC, FTIR
 - Physics and electronics: general lab, optics, acustics, robotics
 - Archaeology: general lab, XRF, museum storage
- Up-to-date teaching and research equipment

Young Citizens Conferences

- A cycle of decentralized conferences dedicated to the views and concerns of youth regarding the social impact of science and technology on the modern world
- **Age: 13-25 years old**
- Where: Globally
- Topic 2020: « Inventing a New World » (Globalisation, Environment, Role of Medicine & Science, Space and Digital Lifestyle)
 - **MILSET World Virtual YCC Cycle of conferences***
- Topic 2021: « Our Future in Space »
- Registration on the debate tables will close on October 23.
 - <https://ycc-registration.milset.org/>
- Site: <https://ycc.milset.org>

MILSET STEAM Photo Contest

- A online photo contest
- Where: online
- Age limits: 13 to 25
- Scope: scientific, technological, engineering, or mathematical concept or phenomenon
- Dates: till 1st November 2020
- Site: <https://spc.milset.org>

STEMFairnet

- EU funded project with the aim of exchanging science fairs' good practices to improve STEM competences and inclusion of all students through interview and best practices publications.
- Participants: Belgium, Portugal, Italy and Spain
- Site: <https://europe.milset.org/STEMFairnet>

A large, stylized question mark is painted on a dark asphalt surface. The question mark is illuminated by a spotlight, creating a bright, circular area around it. The rest of the asphalt is dark and textured. The question mark is white with a slightly distressed or weathered appearance. A purple rectangular box is overlaid on the bottom left corner of the image.
